### Re: Attendance at the 2025 ACCP Annual Conference

I would like to attend the [ACCP Annual Conference](#) in Atlanta, GA, September 15-17. The ACCP Conference is an opportunity to learn the latest trends in corporate social impact while meeting peers at other companies with similar professional responsibilities.

The ACCP Conference is the premier event for those working in the corporate social impact profession. It is known for its collaborative and inclusive learning environment, where professionals build community and have honest, candid conversations about everyday challenges.

This year's Conference event will include inspiring keynote and mainstage panel sessions, collaborative workshops, and peer discussions, all of which will help me gain the insights, strategies, and connections I need to make corporate social impact integral to this organization's success.

The Conference will allow me to network with other corporate social impact practitioners face-to-face.

As the corporate social impact landscape is evolving rapidly, I see the Conference as an invaluable opportunity to immerse myself in the latest trends and strategies shaping our field. I'm eager to seize this professional development opportunity, confident that it will enhance our corporate social impact efforts and contribute significant value to our organization.

I appreciate your considering my request to attend, and I would be happy to share the actionable resources and takeaways with our team.

Sincerely,
