## Re: Attendance at the 2026 ACCP Annual Conference

I am very interested in attending the [ACCP Annual Conference](#) in Boston, MA, September 14-16. The ACCP Conference is an opportunity to learn about the latest social impact trends and meet peers at other companies with similar professional responsibilities. The Conference is well-regarded in the corporate social impact profession and is known for its welcoming environment, where professionals build community and have candid conversations about everyday challenges.

### This year's Conference prioritizes:

- Practical, hands-on learning
- Tools and tactics I can apply immediately
- Candid conversations about today's challenges
- Interactive formats designed for different learning styles
- Curated peer connections that last beyond the event

As we know, corporate social impact is a rapidly evolving field, and the Conference will give me a chance to experience and learn about the latest trends and strategies. I would appreciate being able to take advantage of this professional development opportunity and believe it would add value to our corporate social impact efforts.

I appreciate your considering my request to attend, and I would be happy to share the actionable resources and takeaways with our team.

Sincerely,
